

## New to School Student Information Form

Entering school for the first time is very exciting and we want to make sure the transition is as smooth as possible. Please take a minute to provide some information about any needs your child may have. **Answering no to the following does NOT mean your child is unable to register for school.** It simply provides us with information so we can better support their learning when they are with us. Please return the completed checklist to your home school sealed in the attached envelope.
