

Form F141A- Appropriate Use Contract for Students (Grades K-3)

Appropriate Use Contract for Students (K-3)

In the RCDSB, we leverage technology to support student achievement and enrich the learning experience. We believe that the effective use of technology can spark imagination and innovation and help students to become effective communicators, collaborators, critical thinkers, problem solvers, creators and global citizens.

One of the RCDSB guiding principles is to develop safe, caring, inclusive and respectful learning environments. These principles apply not only to our face to face interactions but also to our electronic or virtual interactions. As such, we endeavour to support our students in becoming good digital citizens who use technology in safe and appropriate ways.

I agree that:

1. I will not give out personal information such as my name, telephone number, address or picture.
2. I will tell a teacher if I see anything that makes me feel bad or uncomfortable.
3. I will always be polite and respectful when using technology.
4. I will not write or send messages that hurt or make fun of others.
5. I will not use bad words or pictures when using technology.
6. I will ask permission before taking anyone's picture.
7. I will tell a teacher if someone I met on the internet wants to meet me.
8. I will never meet somebody in person that I met on the internet.
9. I will ask a teacher for help if I'm not sure what to do or I think I've made a mistake.
10. I will take good care of my school's technology equipment.

I understand that if I do not follow the rules that I agreed to above, that I may lose my access to technology privileges and/or be disciplined by the school.
